Five sentences about yourself (interests, experience, etc.):

Exercise - choose one topic (one page max)

§1

Two friends are on the trip of their lives. They've been planning it for years now, and everything seems to go as planned. At 2 AM, the car broke down in the middle of the highway. And then it began the journey that they will never forget.

Please continue the story. You're not obliged to use dialogues, but you can. Also, try thinking about the music that should be used.

§2

What do you like about cinema ? Feel free to give examples of movies, directors, actors that you like. Tell us what methods do you feel more attracted to : e.g. improvisation or learning a text and reciting it, the technical aspect of a production, post-production etc.
